**Trauma 101:**
- **The Invisible Suitcase – An overview of Trauma and Trauma Informed Care**
  
  This training will provide attendees the knowledge and skills needed to understand, interact with, and advocate for traumatized children. Participants will be able to define child trauma and describe how children may respond to traumatic events. The curriculum will provide education about the impact of trauma on the development and behavior of children as well as skills to enhance trauma-informed advocacy and responses to trauma reactions.

  **Presented by:**
  Ashlee Dionne, LICSW

- **Positive Lifestyles & Life Balance**
  
  Following the desired habits for health and wellness is not always easy. A panel of experts on positive lifestyles and balancing life will discuss environmental impacts as well as other issues that affect our mental health and well-being. They will provide strategies to address challenges in reaching a healthy positive lifestyle for children and families.

  **Presented by:**
  Dr. Sean Palfrey, MD; Rebecca Manley, MS.; Lucinda Ward, M.Ed., RD, SNS; Lisa Jackson, M.S.,RD, LDN

- **Help! Where do I get support for my child and student??**
  
  Children, teens and students of all ages go through emotions and fears, but when is it too much? How do you recognize that your child/student/athlete needs help in sorting out their fears and emotions? The schools have expert, professional educators/psychologists, behaviorists, counselors, nurses and so many more who can help you whether you are a parent, an educator, a coach, or a community member who works with children and teens. Let’s hear what our panel of experts have to say and how they can help!

  **Presented by:**
  Julie Ma M.Ed., BCBA, LABA; Dr. Angela Mousseau Ph.D.; Karen Jarvis-Vance, B. S., Fitchburg State University, MSN Elms; Stephanie G. Van Winkle, M.Ed.

- **Promoting Resilience and Healthy Outcomes for LGBTQ Students**
  
  An Act Relative to Gender Identity, which became effective in 2012, protects students from discrimination based on gender identity, as well as sexual orientation. This session will review the laws, policies, resources, and best practices for supporting lesbian, gay, bisexual, transgender, queer and questioning students.

  **Presented by:**
  The Safe Schools Program, DESE for Lesbian, Gay, Bisexual, Transgender, Queer and Questioning (LGBTQ) Students
2019 Workshop Selections: Session B

♦ Trauma 201:
A Deeper Dive - Understanding Children Who Have Experienced Trauma

Utilizing experiential activities and an expert panel, this workshop will provide participants with a deeper look at how trauma impacts children. This workshop will help participants look “under the iceberg” at what is fueling children’s behaviors.

Presented by:
Karen DeRoche, RN
Ashlee Dionne, LICSW

♦ Recognizing Mental Health and Emotional issues with our Special Education children and students!

This workshop will provide an overview of current mental issues in special education, with an emphasis on anxiety, depression, and ADHD. Evidence-based practices related to these disorders will be reviewed and discussed in the context of educational programming. The workshop will include case discussions with recommendations, strategies, and programming to address the needs of specific students and special education programs. Attendees are encouraged to bring cases to discuss.

Presented by:
Dr. Angela Mousseau Ph.D.

♦ Students at the Center: The Map Academy Model

A growing number of youth feel overwhelmed by life both in and out of school and disengaged from the learning experiences that they crave. These are the students who most need our support: students whose struggle in and out of school make success a steep uphill climb. This workshop will showcase the teaching, learning and engagement model of Map Academy, a new public high school option in Plymouth, MA. This unique model is designed to meet students where they are and support them for success with personalized instruction, competency-based advancement, trauma-informed wraparound support, flexible pathways to graduation, and community partnerships that create learning opportunities centered around the student, their interests, and ambitions.

Presented by:
Rachel Babcock, BA, Masters, Boston University
Josh Charpentier, BA, Masters, Bridgewater State University

♦ Just Talk About It: A Workshop about Youth Mental Health

Join Jon Mattleman, Clinician, in an interactive and engaging presentation providing a survey of relevant mental health topics impacting youth, including anxiety, depression, and suicide. Gain the information and skills to move beyond the stigma and notice warning signs and triggers of stress, anxiety, depression, and crisis. Crisis intervention is emphasized by learning the signs of suicidal ideation and risk, and how to encourage those at risk to seek immediate help. Jon utilizes a variety of engaging techniques to create a supportive environment allowing for robust discussion of these difficult topic.
